Pensions to the Employees of Aided Private Schools

162. SRI S H. S. BAKSHI (Bijapur)—Will the Minister of State for Primary and Secondary Education be pleased to state that :—

(a) whether it is a fact that the pensions of those serving in aided private schools are calculated at the old rates ;

(b) if so, the reasons thereon ;

(c) whether the Government would issue instructions to calculate the pensions of the employees of the aided private schools on par as per the new rules of Government employees ?

SMT. NAGAMMA C. KESHAVA MURTHY (Minister of State for Primary and Secondary Education)—

(a) Yes.

(b) and (c) Extending the benefit of calculation of Pension at the new scale as per GO. No. FD 121 PET 79 dated 21st March 1980 to the employees of the aided educational Institution is under consideration of Government.

SRI S. H. S. BAKSHI.—Sir, regarding extending the benefit of calculation of pension in the new scale the Order has already been passed on 21st March 1980. But still the Hon'ble Minister has said that it is under consideration. How long these private teachers have to suffer by not getting the benefit of calculation of pension ?

SMT. NAGAMMA C. KESHAVAMURTHY.—The employees of the aided institutions in our State are receiving pension as per the Government Order dated 24th December 1976. But as per the Narayan Pai Commission Report in 1980 a Government Order was issued due to slab system i.e., for 1,000 rupees basic salary considering 10 months, 50% had to be given as pension. For those getting Rs. 1500. 45% of the salary had to be given as pension. This matter is now before the Government and I assure the hon. member that with the revision of payscales the Government Order will be issued within a week.

SRI S. H. S. BAKSHI.—I wanted only the benefit of the pension. I thank the Hon'ble Minister who has promised to give it within a week.

MR. DEPUTY SPEAKER.—Now the question hour is over.
